MID-COAST CORRIDOR TRANSIT PROJECT

QUALITY CONTROL AND SAFETY WORKSHOP

This workshop will provide attendees with the essential elements on how to develop and implement effective Quality Control and Safety Programs for construction projects. MCTC is inviting firms in the construction building trades, including Disadvantaged Business Enterprises (DBEs) and Small Businesses (SBs), to attend this workshop.

Specifically, you will learn:

QUALITY CONTROL

- How to distinguish quality control from quality assurance
- The basics of the quality process
- The importance of controlling quality on your own work
- How to develop a quality control plan

SAFETY

- How to make a safe work environment on your projects
- How to make effective safety management techniques part of your culture
- How to develop the necessary components of a Safety Manual
- What specific safety training is required for your workforce

DATE:

Tuesday, April 12, 2016

TIME:

2 to 5 p.m.

LOCATION:

San Diego Contracting
Opportunities Center
4007 Camino Del Rio South
Suite 210, Room 206
San Diego, CA 92108

REGISTER FOR THE WORKSHOP HERE:
